

**Guizhou Libo Ice and Snow World Project**

In June 2018, our company Mango Lighting and the Guizhou Libo Ice and Snow World Project launched a professional and high-level cooperation.

From mid-March, we prepared the layout and details of all the projects of the light show, and completed all the arrangements in June, successfully completing the light show.

The light show used 12 beam lights, 5 wash lights and 4 par light, 20 waterproof covers to present the perfect light show. The collaboration was a complete success and received a favorable review from the stage lighting industry.

Now let's review the wonderful lighting effects:

**Thanks for watching!**
